## Innovations in the Arctic

April 5-6 2017, Nord University, Bodø, Norway

Nordland  
COUNTY COUNCIL

NORD  
University

**The High North Center for Business and Governance at Nord University Business School is happy to invite you to participate in the High North Dialogue 2017. The Dialogue consists of two main events: conference and master/PhD course.**

### CONFERENCE

Since 2007, the High North Dialogue conference series have brought together Arctic leaders – present and future – to discuss the opportunities for value creation in the Arctic in an international context. Set in Bodø – the second largest community in Northern Norway and gateway to the Lofoten islands – the High North Dialogue 2017 will provide you with a different perspective on the future of the Arctic.

The topic of the conference is “Innovations in the Arctic”. The purpose of the event is to create a platform for discussion and elaboration of ideas for the future of the Arctic region, with an emphasis on innovation and entrepreneurship.

### HIGH NORTH DIALOGUE MASTER AND PHD COURSES

- MSc course “International perspectives on business and governance in the High North” (7,5 ECTS)
- PhD course “Governance in the High North: implications for Arctic private and public sector” (7,5 ECTS)

The Master and Ph.D. courses will take place April 3 – 7, 2017 at Nord University Business School, Bodø, Norway.

We invite students from all over the world who are interested in different perspectives on governance and business in the High North, challenges and opportunities of exploration and utilization of the resources, social, economic and political agenda in the Arctic, as well as on an international dialogue between interested parties concerned with High North. The focus is on developing knowledge about opportunities for value creation in the High North and basic issues of High North region development based on geopolitical, economic, regulatory and stakeholders oriented approaches from national and global perspectives.
