

Cappella pro Vocale

Vocal ensemble Cappella pro Vocale was founded in 1996 in Oulu, Finland. A group of people shared a common passion for singing early music. The ensemble has studied vocal music at early music courses and master classes with Evelyn Tubb, Michael Fields and Veikko Kiiver. The singers have a strong background in singing in choirs and ensembles. There are also professional musicians in the group. The name "Cappella pro Vocale" can be translated as "The Chapel of Sound" or "The Room for Voices". It relates to ensemble's strong connection to early sacred music and the versatility of vocal music. ([listen from YouTube](#))
